

**American Society of Functional Neuroradiology**  
**4<sup>th</sup> Annual Meeting**

***Abstract Submission Guidelines***

**Oral Papers (maximum 250 words)** and **Scientific Posters** should present original research or illustrate key learning points of a pathological process, or a functional imaging procedure. For original research, abstracts must be formatted in the following manner:

1. **Purpose:** State the reasons for conducting the research.
2. **Methods and Materials:** Outline the methods of investigation that were employed.
3. **Results:** Present a synopsis of your findings.
4. **Conclusions:** Summarize the most pertinent conclusions drawn from your results.

For illustrative learning purposes, include a brief description of the objectives followed by a listing of learning points.

**Abstract Preparation Guidelines**

1. Include the following sections describing original research: Purpose, Methods, Results, and Conclusions.
2. Skip a line between each of these sections. Do not indent.
3. For illustrative learning purposes, demonstrate key learning points of a pathological process, or a functional imaging procedure, and include a brief statement of the objectives, and a listing of the learning points.
4. Do not include names, titles, degrees, addresses, zip codes, or grant support in the abstract space.
5. Financial disclosures should be included in the reference section. A Full Disclosure Form and, if appropriate, Resolution of Conflicts of Interest must be included with your submission.

Abstracts must be submitted online only to [etrombetta@edusymp.com](mailto:etrombetta@edusymp.com) by **Midnight Pacific Standard Time on Friday, January 22, 2010**. There will be no deadline extension. Notifications of acceptance will be sent via email on **Friday, January 29, 2010**.

**Special Notice Regarding Scientific Posters:** You are responsible for bringing your approved-for-presentation scientific poster and for taking it back home with you. Any scientific posters left behind after the meeting on February 26, 2010 will be destroyed.
